

High Priced Coal.

Coal is higher than ever before known to us. In fact it is hard to get at any price. Every year at about this time the companies always manage to have a strike in their mines, produce a shortage of cars, or do something to run the price up. The people have the bills to pay as they go, and the coal operators get the dough.

Highway Improvement in Kentucky

"Good Roads," a leading roads paper of the country, has in its issue of Oct. 7 a splendid write-up of the "Highway Improvement in Kentucky," in which some illustrations of beautiful roads built by the Department of Public Roads in Kentucky are shown. This department is doing splendid service in all parts of the State and it is only hoped to see the similar results in Powell county.

No More Backache for Her.

Mrs. J. M. Gaskill, Etna Green Ind., writes: "I suffered from severe backache, and sharp pains shooting through my back until I could not stoop over and get up without aid. Urinary trouble seemed to be the cause of it all. A single box of Foley Kidney Pills gave me such relief that I cannot praise them too highly." This standard remedy for kidney and bladder ailments can be taken with safety for backache, swollen ankles, and rheumatic pains. Sold everywhere.

The high cost of paper and other material going into the makeup of newspapers has been the alleged cause for the suspension of several local papers in the past few months.
